

All Change!

For each project we shall send out an overview of ideas for things to do with your children at home. As you will see it will include a range of different activities such as creating and watching and can be done at your own pace throughout the term of our project.

We hope this is helpful and that you look forward to completing these with your child.

Create

- Design an outfit for a hot or cold country for one of their toys.
- Explore music linked with weather.
- Use a construction kit or junk to build a house from another country.

Write

We have been finding out about Barbados and Iceland. Can you find out about another country and write a sentence or two about it.

Watch

Watch youtube clips and learn more about extreme weather, for example, hurricanes, tornados, extreme hot and cold.

Learn

- Phonics practice. Use 'Phonics Play' online to play the game Dragons Den. Practising Phase 3, 4 and 5.

<https://www.phonicsplay.co.uk/DragonsDen.html>

Read

- Read some poems about weather.
- Read stories set in hot and cold countries.
- Read non-fiction books about weather.

Thank you for your support,
Miss Bowen, Mrs Allery and Mrs Jacobs.
