If you aren't able to attend meetings, maybe you have some admin / customer service skills you could put to good use??? - Can you write to / liase with local organisations and businesses to ask for sponsorships and donations??

Can you get donations from you own employer?

Can you get involved in any way??

Can you and a friend shadow a current committee member on an existing event so that you can take it over to run it next year???

Do you have an idea for a new event??

This could be for fundraising or just an activity that you think the whole school would enjoy and to enrich the children's time at St James.

Can you get a group of friends together to organise this event??

Email Victoria Leamon at evolutionlets@aol.com with any questions or to add your event / idea to the agenda.

Come along as an individual, a pair or a group

You are needed!
