

Home Learning for Term 6

Each term we will share with you, a selection of activities that you could complete at home that complement our project. We would like you to complete at least two pieces of work over the half term.

Please bring in your home learning, to share with the class, as soon as you have completed it.

This term the project is 'Brilliant Bugs and Beasts'.

Maths

Can you explore patterns within numbers to 10.
Can you order numbers in odd and even?
Can you relay some double facts?
Can you share different quantities fairly?

Create

Make an animal out of junk modelling materials.
Maybe the animal could have moving parts.

Roleplay

Can you pretend to be an animal and create a story to perform.

Could you set up a wildlife park. Take some photos and upload them to tapestry.

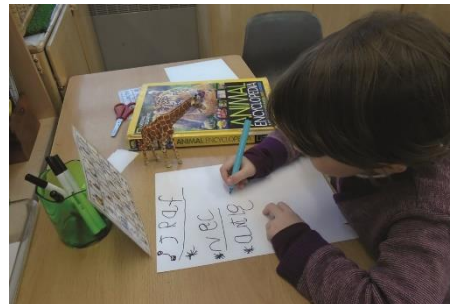

Research/websites

Log into Purple Mash and explore Mini Mash.
Create an animal drawing.

Write

Make an animal information poster. Describe the parts of the animal. What does the animal eat?
What does it like to do? Where does it live?

Books to read

See if you can find some non-fiction books about mini beasts, farm animals and wild animals.

What can you find out?
Could you write some facts you have found on your own. Remember everything does not have to be spelt perfectly!
