

In **Science** we will be looking at light and how dark is the absence of light. We will learn about reflection, shadow and will also look at forces and magnets.

This term the children will also be continuing their learning about the **French** language. In Year 3 we will focus on finding France on a map, greetings, and counting in French.

In **PE** the children will be learning all about fitness and the different ways we can ensure our bodies remain healthy and active. The children will also be doing football each week.

In **computing** we will be learning how to touch type using the Purple mash program '2Type'.

In **English** we will be learning about stories. In particular, we will be focussing on fantasy and creating our own characters and settings. We will be using the poem 'The Hippocrump' to help us with description.

# Anglo-Saxons

Our PE day this year is Tuesday.

In **Maths** this term, children will continue to consolidate their understanding of place value and number, learning how to represent numbers to 100 and beyond. We will compare numbers, find 1, 10 and 100 more or less than a given number and add and subtract multiples of 100.

In **RE** we are studying Christianity. The children will revisit the Creation story and begin to delve into this a little deeper.

In **Music**, we will be looking at Castles through Getset4pe.

In **History**, we will be learning about the invasion of Britain by the Anglo-Saxons. We will be looking at where they were from, why they came and how they changed England

Thank you for your continued support,

**Mrs. Johnson** and **Mrs. Allery**
