Superheroes!

In Maths this half term we will be continuing to look at addition and subtraction. We will be learning how to add and subtract 2 digit numbers using manipulatives. We will continue to work on our counting skills including counting forwards and backwards in 2s, 3s and 5s.

In RE we will be discussing the question 'What is the true meaning of Christmas?' We will complete this learning towards the end of this half term to coincide with our own Christmas celebrations.

In English, our writing lessons will focus on narrative texts to inspire our own superhero stories! We will also be learning about persuasive writing and persuading readers why we would be a great superhero!

In Art, we will be exploring the works of Andy Warhol and Pop Art by using bright colours.

In Science, we will be exploring different materials and discovering their properties. We will discuss their suitability for different purposes and investigate their uses within a superhero problem.

In Computing, we are going to be making some digital music!

In Phonics, we will continue to use daily Little Wandle lessons to teach alternative graphemes and focus on developing automaticity and prosody in reading practice sessions.

In PSHE, we will be focusing on family relationships. The children will learn that families can be different and have different traditions from each other. Families should make us feel safe, secure and family members should respect each other.

Indoor P.E. lessons will be fitness based, looking at improving agility, stamina and flexibility.

Outdoor P.E. lessons will be focused on invasion games, developing sending and receiving skills.

NATIVITY DATES

Tuesday 8th December 2pm and 5pm

Wednesday 9th December 9.15am

Thank you for your continued support,

Mrs Stoodley and Miss Whitman
