

In English, we will be focusing on poetry and performing poetry too. We will also be writing a recount about our Lulworth cove trip and an explanation text on how fossils are made. To round off our writing this year, we will be revisiting non-chronological reports with a focus on rivers.

In RE, we will be discussing the key concept of 'Gospel' thinking about the kind of world Jesus wants.

In PE, we will continue to work on our throwing and catching skills, applying this to rounders and golf. During indoor PE we will be practising for sports day.

Thank you for your continued support,
Miss Lunn and Miss Finnigan

In Science, we will be looking at rocks and different types of soil. Children will be taught about fossils, how they are formed and how archaeologists use them to provide evidence for evolution and adaptation of plants and animals to their environment.

Ready for Rocks and Rivers!

Important dates:

Friday 21st June:

Sports' Day

Thursday 4th July:

Lulworth Cove trip

In Maths, we will be finishing our unit on time and then begin moving onto shape with a focus on 3D shapes. We will then finish the year focusing on statistics and looking at bar charts and graphs and interpreting them.

In Geography, we will be learning about human and physical geography such as mountains, rivers and earthquakes. Children will describe and understand key aspects of: physical geography, including: rivers and water cycle.

In Art, we will be learning about observational drawing using key Artist: Amiria Gale & Michelangelo Buonarroti.

We will then be creating a natural drawing using graded pencils.
