

In English this term, we will be looking at stories about pirates and the seaside. We will be writing narratives, recounts and looking at shape poems. We will carry on with our focus of handwriting, punctuation, conjunctions and adjectives.

Maths we will be focusing on geometry by practicing our directions of left and right, money and place value within 100.

Science we will be looking at plants and what they need to grow and survive. We have planted flowers and vegetables. We are going to be looking after them and recording what happens.

French we will be learning shape names.

In D&T we are designing and making our own fruit smoothies.

Oh I do like to be beside the seaside!

Term 6

RE we will be learning about Hinduism and the Creation.

PE we will be using our fielding and striking skills, dance and fitness as well as getting ready for Sports Day!

In computing we will be creating our own animated story books.

History we will be learning about the changes in the seaside/Bournemouth over time.

In Art we will be learning about the artist Hokusai. We will be printing shapes to create a seaside picture.

Geography we will identify rivers, sea, woods, roads, mountains on a map. We will be using compass directions to locate routes on a map. We will draw symbols for woods, roads, rivers on a map key, where they can plot and follow a route.

Thank you for your continued support.
